Phillip DeVol of Morengo, Ohio, has been training and consulting on poverty issues since 1997.

Philip DeVol, co-author of *Bridges Out of Poverty* is a leading voice in helping people come together to end poverty.

Most anti-poverty programs lack a system-wide scope of effort. But when ALL stakeholders - people in poverty, communities, businesses, organizations - come to the table with a coherent plan of action, amazing things happen.

From his book *Bridges to Sustainable Communities* Mr. DeVol will share clear examples and proven best practices of what is possible when we're all on the same page.
